

Name: Anoway

Primary 5-a-day

Gold

4th April

$$-20 + 14$$

-6

$$600 \div 20$$

30

A cupcake with a cherry costs 10p more than a cupcake without a cherry. Amber bought three of each cake. They cost £1.80 altogether.

What is the cost of a cupcake without a cherry?

10p each
 $1.80 \div 3 = 60$

\therefore cakes are 25p and 35p
25p without

Harry makes a sequence of numbers starting with 400.

He subtracts 175 each time

Write the next two numbers

400 225 50 -175 -300

The perimeter of this rectangle is 60cm

Calculate the length of the rectangle

22cm

$$60 \div 2 = 30$$
$$30 - 8 = \underline{22 \text{ cm}}$$
