

13th February

$$50 - 22$$

$$4 \times 10 = 20 \times$$

Alan has 41 marbles.

Beth has 7 marbles less than Alan.

How many marbles do they have in total?

Here are four digit cards

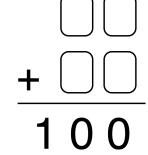

2

8

Use all four digits once to make this sum correct

Here is a clock

How many minutes is it **until** the clock shows 3:15?
