

26th February

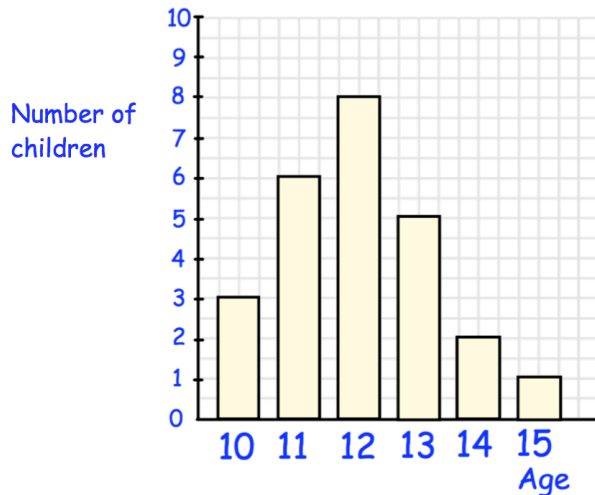

$$48 \div 2$$

$$4 \times 6$$

Draw lines to join **all the pairs** of number cards that have a **total of 200**

80	185
190	120
35	165
15	140
60	10

*Note: A line is drawn connecting 80 and 120.*

How many children are 13 years old?

How many students are there **in total**?
