Joseph has a recipe for Bolognese Sauce

Bolognese Sauce

Minced Beef	500 g
Chopped Tomatoes	750 g
Mushrooms	40 g
Chicken Stock	150 ml

He only has 400g of minced beef.

How much of the other ingredients should he use?

$$750 \div 5 \times 4 = 600 \text{ g}$$

$$40 \div 5 \times 4 = 32 \text{ g}$$

$$150 \div 5 \times 4 = 120 \text{ ml}$$

The volume of the cuboid is $2,700\text{cm}^3$ Find y

$$\begin{aligned} 10 \times 9 &= 90 \\ 2700 \div 90 &= 30 \text{ cm} \end{aligned}$$
