14th May

Simplify \( \frac{25}{30} \)

\[ 705 \times 21 \]

This graph shows the number of puffins living on an island. How many puffins lived on the island in 2017?

In what year was the number of puffins the same as 2009?

Work out the perimeter of this shape:

- 4 cm
- 6 cm
- 3 cm
- 11 cm
- 6 cm
- 20 cm
