

31st August

$$70 - 30 \div 5$$

$$1\frac{2}{3} - \frac{7}{8}$$

Adam is organising a charity concert at school.

The concert is sold out.

The hall holds 35 rows of 42 seats.

Each person pays £14

How much money will Adam raise for charity?

On the grid, draw a triangle with **only one** side of 4cm and a 90° angle

On the grid, draw a triangle with **only one** side of 4cm and **only one** 45° angle
