

19th December

$5 \times 5$

$$\begin{array}{r} 93 \\ - 38 \\ \hline \end{array}$$

The children at Highfield School are collecting money for charity.

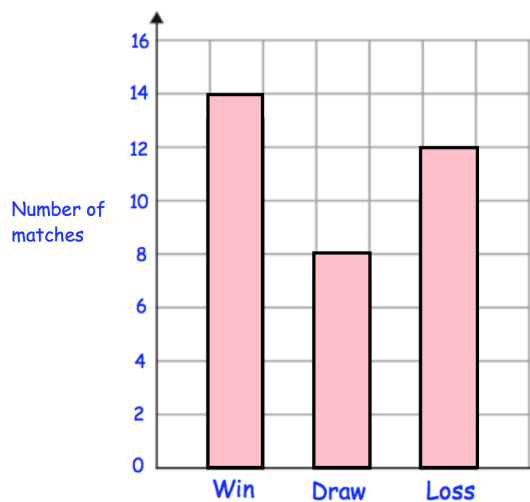

Their target is £200

So far they have collected £125

How much **more** money do they need to reach their target?

Sheffield United play some football matches

Here are the results

How many matches did they **lose**?

How many more matches did they **win** than **draw**?
