

25th September

9 4 4 4 6

$$508 \times 9 = 392 + \boxed{}$$

Circle the prime numbers

17 27 37 47 57

Jessica buys a book and a pen for £5.50

Jaymin buys the same book and 3 pens for £9.50

Calculate the cost of a book

Here is a regular octagon with two vertices joined to make the line AB.

Join two vertices to draw a line **perpendicular** to AB
