

Primary Practice Questions

Corbettmaths

Line Symmetry

Tips

- Read each question carefully
- Attempt every question.
- Check your answers seem right.
- Always show your workings

Recap

Remember

- There are daily questions found at
www.corbettmaths.com/5-a-day/primary

1. Here is an arrow.

Draw any lines of symmetry on the arrow

-
- 2.

On the rectangle, draw all the lines of symmetry

3. Here is a rhombus

Draw any lines of symmetry on the rhombus

4. The diagram below shows a regular hexagon.

How many lines of symmetry does the hexagon have?

6

5. Here are some road sign

For each road sign, write down the number of lines of symmetry

1 lines of symmetry

2 lines of symmetry

1 lines of symmetry

0 lines of symmetry

2 lines of symmetry

6.

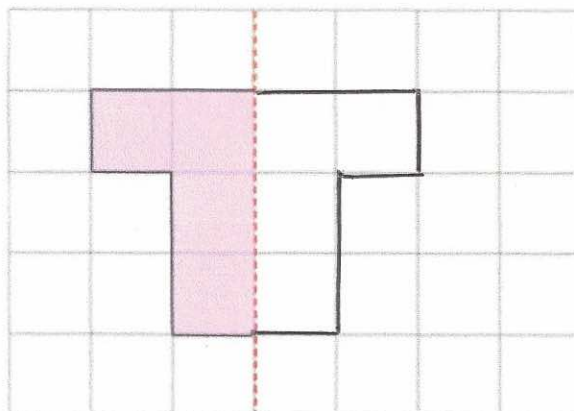

Which two shapes have a line of symmetry?

and

7. Part of a shape is shown on the grid.

The shape has one line of symmetry.

Complete the shape

8. This square tile has a symmetrical pattern.

Draw the line of symmetry

-
9. Draw a triangle that does **not** have a line of symmetry

Scalene

10. Shade one more square so this pattern has **one line of symmetry**

-
11. Here are some patterns

Circle any pattern that has a line of symmetry

12. The diagram below shows a regular pentagon.

Draw all the lines of symmetry
