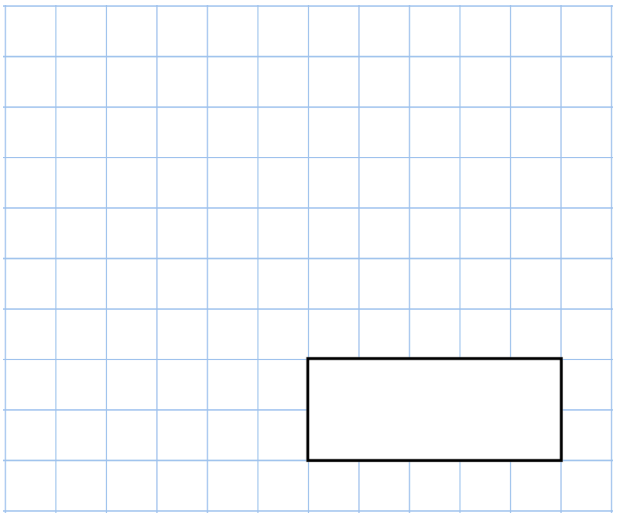
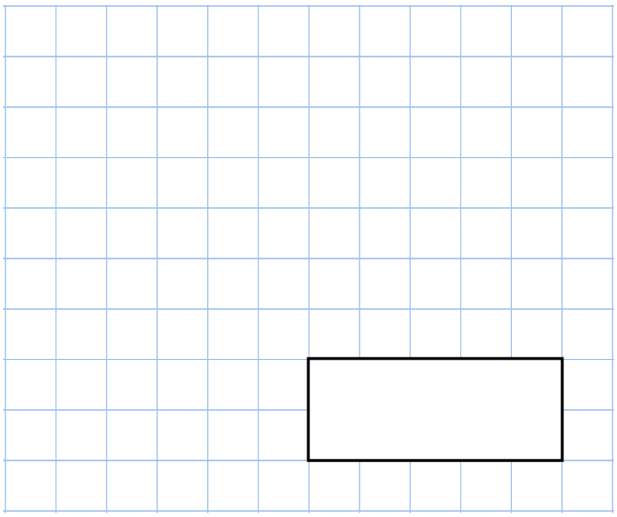
30th December

$1{,}592 \times 63$



$\frac{\square}{\square} = 0.\dot{6}$



Here are the ingredients for fish pie.

500g cod
400g haddock
600ml milk
120g butter
40g flour
1kg potatoes

Summer only has 450ml of milk to make the fish pie.

How much haddock should she use?

How much butter should she use?

Make a quadrilateral with 3 acute angles
