

27th July

$$100 \times 10 \times 9$$

9000

$$132 \div \boxed{12} = 11$$

12

Work out the perimeter of the rectangle

30cm

Lee finished school at 14:45  
 He gets home 35 minutes later.  
 Show the time Lee gets home on the clock

In the circles, write a multiple that belongs to each set

numbers from 1 to 49 — multiple of 10 — (30)

numbers from 50 to 99 — multiple of 30 — (60)

numbers from 100 to 149 — multiple of 15 — (105)
