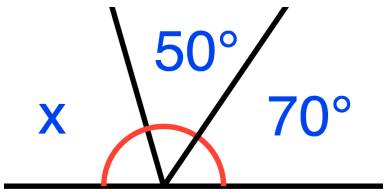
Name: _____ Primary 5-a-day Silver

30th November

17×5

$1{,}800 \div 6$

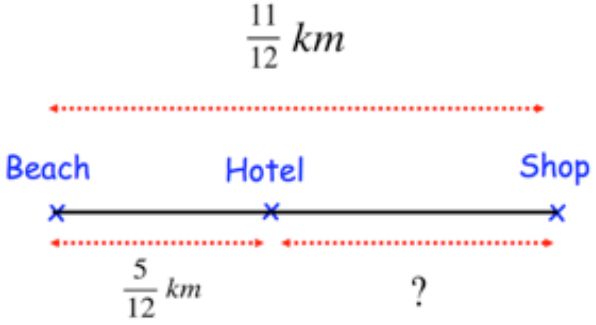
Find the size of angle x



Lucy cuts 5 metres of rope into three pieces.

The first piece is 0.9 metres.
The second piece is 1.8 metres.

Work out the length of the third piece of rope.



What is the distance from the hotel to the shop?
