

9th June

$8 \times 3$

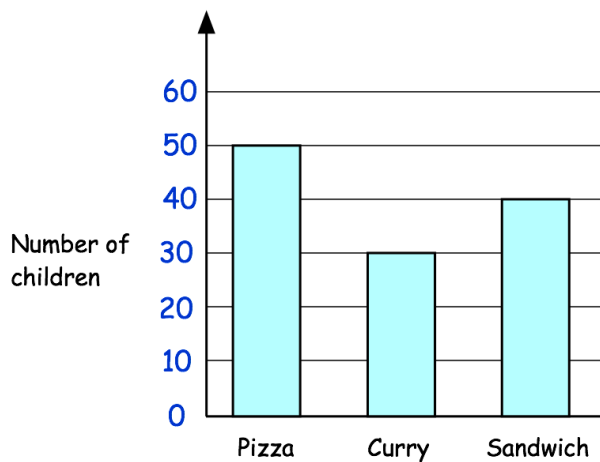

$\frac{1}{4}$  of  = 6

Add together the **number of days in one week** and the **number of months in a year**.

Blank space for the student to write the answer to the word problem.

All the children in a primary school have pizza, curry or a sandwich for lunch.

How many more children have pizza than sandwiches?

How many children had lunch altogether?
