

19th May

$$9 + 4 = 30 - \square$$

$$\begin{array}{r} 60 \\ - 28 \\ \hline \end{array}$$

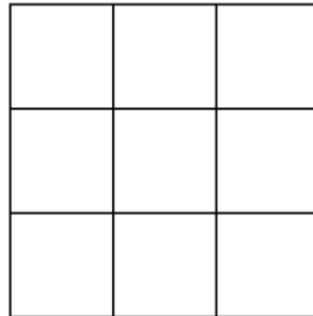

Here are six number cards.

10 30 40 40 50 70

Use **all** the number cards to complete the two sums

$$\square + \square = \square$$

$$\square + \square = \square$$

Shade in $\frac{1}{3}$ of this shape

Draw a right angle
