

20th November

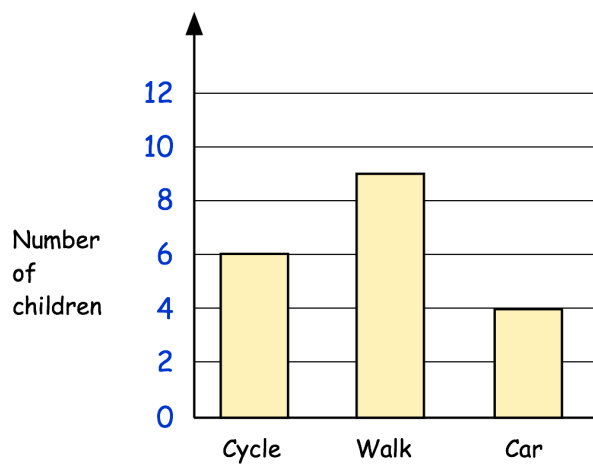

$$£17 + £38$$

A 10x10 grid with a rectangular box at the bottom center for the answer.

$$9 \times 6$$

A 10x10 grid with a rectangular box at the bottom center for the answer.

This bar chart shows how the children in a class travel to school.

How many children walk?

How many children are in the class altogether?

Write two thousand and twenty in figures.
