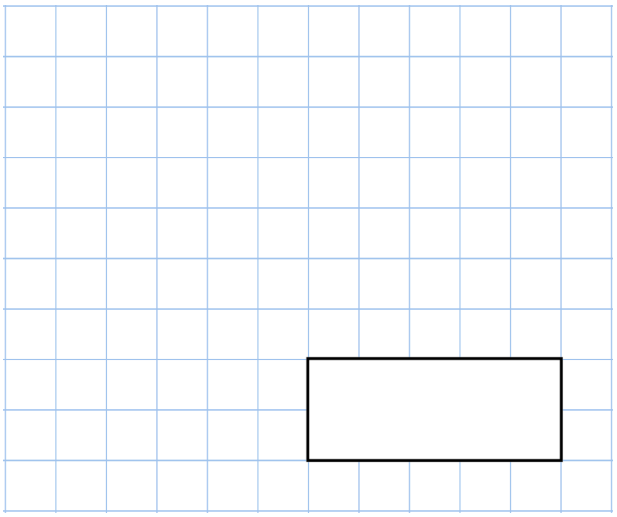
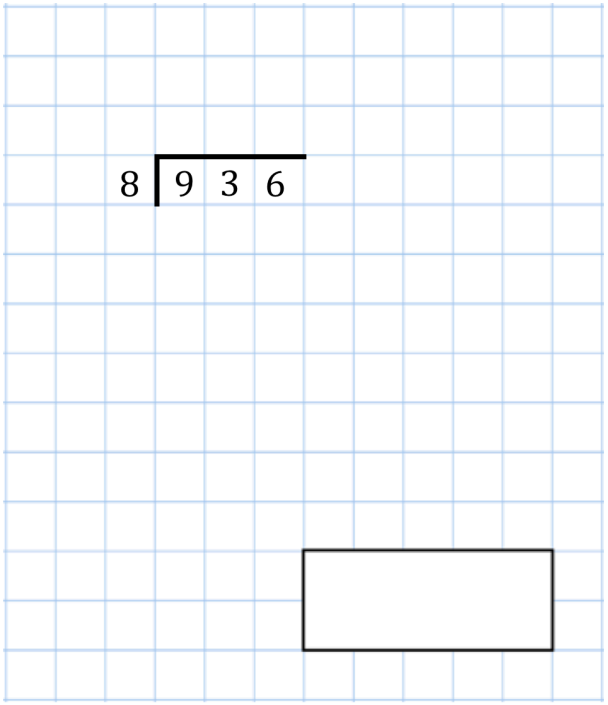
Name: _____ 5-a-day Gold

13th February

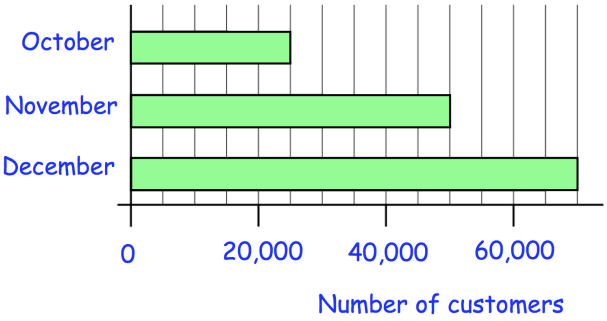
$-17 + 9$



$8\overline{)9\ 3\ 6}$



This chart shows the number of customers that a shop had in 3 months.



How many customers did the shop have in total during the 3 months?

Alex says:
"In November is a 100% increase in the number of customers than in October."
Is he right?
