Name: _____ 5-a-day Platinum

22nd March

$1\frac{1}{3} + \frac{1}{2}$

$-18 - 25$

Adam is organising a charity concert at school.

The concert is sold out.

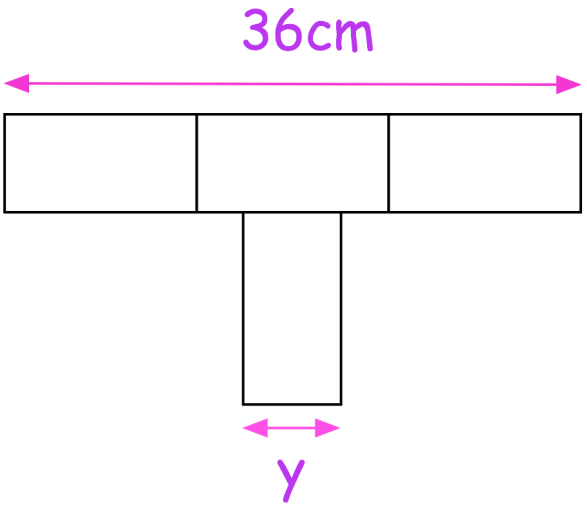
The hall holds 35 rows of 42 seats.

Each person pays £18

How much money will Adam raise for charity?

Here is a shape made from 4 identical rectangles.

The total area is 336 cm^2



Work out the value of y
