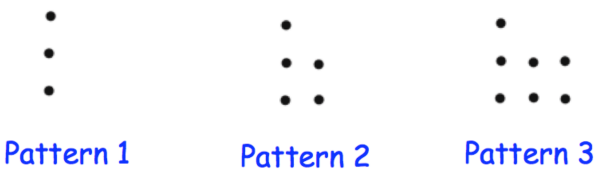
Name: _____ 5-a-day Platinum

11th May

$2{,}331 \div 37$

$37.5\% = \frac{\square}{\square}$

How many dots are there in Pattern 15?



Find the fraction halfway between

$\frac{2}{3}$ and $\frac{4}{5}$

This is the plan of a garden.
On the plan, each 1 centimetre = 3 metres

Find the area of the actual garden.
