

19th May

$$9 + 4 = 30 - \boxed{17}$$

**17**

$$\begin{array}{r} 5 \phantom{0} \\ 8 \phantom{0} \\ - 2 \phantom{8} \\ \hline 3 \phantom{2} \end{array}$$

**32**

Here are six number cards.

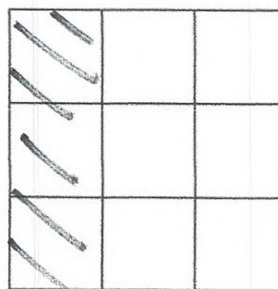

- 10   30   40   40   50   70

Use **all** the number cards to complete the two sums

$$\boxed{30} + \boxed{40} = \boxed{70}$$

$$\boxed{10} + \boxed{40} = \boxed{50}$$

Shade in  $\frac{1}{3}$  of this shape

(any 3)

Draw a right angle
