100

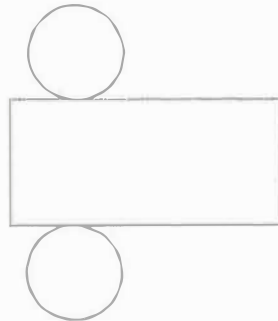

$$\frac{2}{5} \div 2$$

$\frac{1}{5}$

Shown is a net for a 3D shape

Which 3D shape?

cylinder

The time taken for 4 children to complete a puzzle are:

14 minutes      30 mins  
3000 seconds

half an hour      25 minutes  
30m

Work out the mean time taken

$$14 + 30 + 30 + 25 = 119$$

$$119 \div 4 = 29.75 \text{ mins}$$

Write these numbers in order of size  
Starting with the smallest

0.13       $\frac{3}{20}$       12%       $\frac{1}{10}$       0.09

13%    15%                      10%    9%

0.09,  $\frac{1}{10}$ , 12%, 0.13,  $\frac{3}{20}$
