

19th May

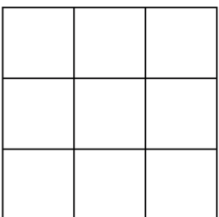

$$9 + 4 = 30 - \square$$

$$\begin{array}{r} 60 \\ - 28 \\ \hline \end{array}$$

Here are six number cards.

Use **all** the number cards to complete the two sums

$$\begin{array}{ccc} \square & + & \square \\ \square & + & \square \\ \square & = & \square \\ \square & = & \square \end{array}$$

Shade in $\frac{1}{3}$ of this shape

Draw a right angle
