

Name: \_\_\_\_\_

Primary 5-a-day

Gold

21st August

$$2 \frac{15}{16} = \frac{\square}{16}$$

Grid area for the first problem, containing a rectangular box for the answer.

$$100,520 - 38,631$$

Grid area for the second problem, containing a rectangular box for the answer.

Here is part of a number line.

It is divided into equal sections.

Write the letter of the section where each of these numbers belongs.

number	section
65	G
154	
-121	

Work out  $\frac{3}{4}$  of £9

Blank grid area for the third problem.

Kate makes a sequence of numbers.

Her rule is to add the same amount each time

Write in the missing numbers

-3			9
