

Name: \_\_\_\_\_

Primary 5-a-day

Gold

2nd May

50% of 618

Grid for calculation

James and Jack buy 3 kilograms of chocolate

Each boy eats 80 grams of chocolate.

How much chocolate is left?

Write a number that could go in section C

$$\frac{2}{3} + \frac{5}{9}$$

Grid for calculation

	multiple of 5	not a multiple of 5
square number	A	B
not a square number	C	D

Miss Jones prepares a picnic for her class. Each child will get:

- 2 sandwiches
- 5 carrot sticks
- 9 grapes
- 1 drink

Altogether Miss Jones packs 30 sandwiches. How many grapes does she pack?
