

4th November

$$\begin{array}{r} 399 \\ \times 31 \\ \hline \end{array}$$

Simplify $\frac{12}{28}$

This chart shows the number of customers that a shop had in 3 months.

How many more customers did the shop have in December than October?

A different shop had **two million** customers in December.

Write **two million** in figures

Round the number on the calculator to the nearest ten
