

Name: _____

Primary 5-a-day

Gold

9th November

25% of 36

Grid for calculation with an empty box for the answer.

700 ÷ 1,000

Grid for calculation with an empty box for the answer.

How many more people live in England than Scotland and Wales combined?

Country	Population
England	55,128,200
Scotland	5,408,923
Wales	3,113,674

In a quiz, each correct answer is worth 4 points and each wrong answer is worth -3 points.

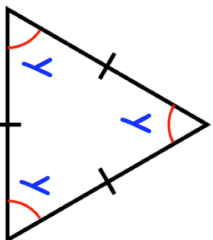

A team is asked 10 questions and they answered 3 correctly.

What is the team's final score?

Here is an equilateral triangle.

Find y
