

Name: _____

Primary 5-a-day

Platinum

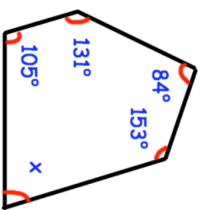

15th March

$$\begin{array}{r} 24 \\ \underline{3888} \\ \end{array}$$

$$\frac{1}{6} \div 3$$

Find the size of angle x

$$c = 14$$

$$\text{Work out } 3c - 19$$

Shown are four number cards.

The mean of the four numbers is 12.

Find the missing number.
