

Name: _____

Primary 5-a-day

Platinum

2nd May

$$5,119 \times 52$$

<input type="text"/>

$$20 \times 3^2$$

<input type="text"/>

A piece of rope is 6.3 metres long.

Jenna cuts the rope into 5 pieces of equal length.

How long is each piece of rope?

The mean of the numbers on these four number cards is 10.

<input type="text" value="6"/>	<input type="text" value="7"/>	<input type="text" value="3"/>	<input type="text"/>
--------------------------------	--------------------------------	--------------------------------	----------------------

Find the missing number.

In the equation below, w has a value of 8

$$3w + 9 = 33$$

Write three different equations where w has a value of 8
