

Name: _____

Primary 5-a-day

Silver

24th June

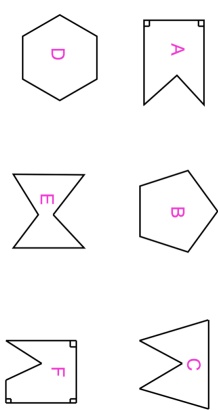

$5.6 + 1.7$

Grid area for calculation of 5.6 + 1.7

45×6

Grid area for calculation of 45 x 6

Circle the hexagon with exactly four acute angles

Arrange the rivers in order, starting with the shortest.

River	Length (km)
Des Moines	845
Gila	960
Mississippi	3,544
Snake	1,674

How much longer is the Mississippi than the combined lengths of the other three rivers?
