

Name: \_\_\_\_\_

Primary 5-a-day

Silver

23rd May

$11 \times 11$

--

$15,000 \div 100$

--

I think of a number.

I double the number and then double the result.

I then add 1.

My final answer is 29.

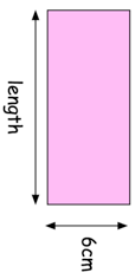

What number did I start with?

Draw any lines of symmetry on this road sign.

The perimeter of this rectangle is 30cm

Find the length of the rectangle
