

Name: \_\_\_\_\_

Primary 5-a-day

Silver

14th October

$$1,401 + 1,401 + 1,401$$

$$1 - 6$$

Grid area for the first problem.

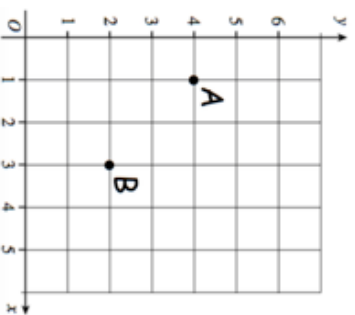

On Monday, Kenneth ate  $\frac{2}{8}$  of a cake.

On Tuesday he ate  $\frac{3}{8}$  of the same cake.

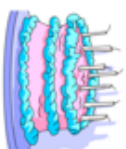

What fraction of the cake is left?

Write down the coordinates of point A

Write down the coordinates of point B

Grid area for the second problem.
