Primary 5-a-day

Ruby

3rd February

$6 + 1 =$

7

$4 + 8 =$

12

$9 - 7 =$

2

$20 - 17 =$

3

There are 11 cars.

3 cars drive away

How many cars are left?

8

$11 - 3 = 8$

Circle the coin that has the **highest** value.

Here is a pattern of shapes.

?

Circle the missing shape.
