$9 - 1 =$

$5 + 3 =$

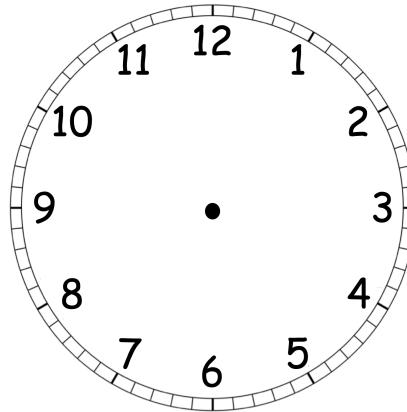

$2 + 18 =$

$14 + 5 =$

Put a tick in a square that is **2 squares left** of the shaded square.

Show the time **11 o'clock** on the clock.

There are 20 sweets in a jar.

3 sweets are red.

6 sweets are blue.

The rest of the sweets are green.

How many green sweets are in the jar?
