Write down the number that is **one more** than 29.

30

Put these numbers in order, from smallest to biggest.

10 6 11 7

6 7 10 11

smallest

biggest

Tom has 16 toys.

He gives some of his toys to Ben.

Tom has 3 toys left.

How many toys did Tom give Ben?

$16 - 3 = 13$

13
